## Comment

 Norma Leticia Martinez Gaudiano  
11 sept

Hello! Write a comment according to the Instructions

Hello! This is your teacher Leticia, we will be together the next 4 months.

In the comments section write something about yourself, anything you want to share with us.

\*About the things you like and don't like  
\*About your age, family, where you live.

Please do not write a short comment.

Diapositiva4.PNG

 Carlo Sared García Pérez 13 sept

I am 21 years old, I currently live in Manzanillo, Colima, I like video games, listening to music, spending time with my girlfriend, I like dogs and my favorite food is tacos.

### Report Speech

We use report speech when we repeat

When you use report speech you have to modify the original sentence

Original

Bob: "I like apples"

Reported

Bob said that he liked apples

Present Continuous:

Andrea: "I'm watching the news"

Past Continuous

Andrea said that she was watching the news

Am / Is / Are

Original

David: I'm going to eat lunch"

Report

David said that he was going to eat

Said

Rick Said to me Close the door  
Told me  
asked me

He said that he had to leave  
What did she say to you?

I have to tell you something

He said to me that he was fired  
I won't say anything  
I'm telling the truth.  
Tell me what happened  
Say Tell

Hello  
good morning  
Sorry  
Something  
nothing  
a few minutes

a story  
a joke  
a secret  
a lie  
the truth

Ask

a question  
a favour  
the time  
of sb  
around  
permission

### 1- Technology vs Religion

In my view, there's no necessarily indirect conflict.

Technology has brought significant advancements in science, health care and communication.

Religion provides moral and spiritual guidance, fostering a sense of community.

### 2- Mandala effect

Is a really intriguing phenomenon in my view.

It raises thought-provoking questions about the relativity of memories.

### 3- Drug L

In my view, it's a complex and contentious issue.

From my perspective, the legalization of certain drugs can have several benefits.

NAME: America

**WHAT IS YOUR OPINION?**  
 The reason I choose America is because they are an incredibly kind and generous individual. They're always willing to help others and have a charming personality. They're a constant source of inspiration to everyone who knows them.

**REASON 1:**  
 I hold America in high regard for their intelligence and wisdom. In my view, their willingness to share knowledge and engage in meaningful discussions is truly admirable.

**REASON 2:**  
 America's sense of humor is a gift that enriches the lives of those around them. In my opinion, their ability to spread joy is one of the reasons why they are my favorite person.

**REASON 3:**  
 In my opinion, America's compassion and dedication to helping others make them an outstanding individual. I greatly respect their selflessness.

NAME:

Animal Abuse

### WHAT IS YOUR OPINION?

In my opinion, animal cruelty is unacceptable and morally wrong.

### REASON 1:

From my perspective, it is essential that we treat animals with compassion and respect. Animal suffering should not be tolerated in our society.

### REASON 2:

In my view, protecting animals is also about safeguarding our environment and ensuring a sustainable future for all forms of life on Earth.

### REASON 3:

From my perspective, condemning animal cruelty is a significant step toward building a more ethical and empathetic society. Respecting animals is a reflection of our humanity and compassion.

Proyect

## Advanced Data Analysis

Artificial intelligence provides us with the ability to analyze large amounts of data with unparalleled precision. This capability not only scales up our analysis but also allows us to uncover complex patterns and trends that might be overlooked by traditional methods. Advanced data analysis becomes an essential tool for informed decision-making in project management.

## Chatbots and Customer Service

> The implementation of AI-driven chatbots redefines customer interaction in projects. These chatbots not only provide quick and accurate responses but also enhance user satisfaction by delivering continuous and effective customer service. <

# R&D Projects

Artificial intelligence accelerates research and development projects by facilitating the simulation of complex scenarios and streamlining the identification of innovative solutions. In this regard, AI becomes an indispensable tool for driving innovation and excellence in cutting-edge projects.

### Christmas Project

In this project, a small house or villa with a Christmas theme was worked on for the Christmas festival for the university, attached evidence.
